### A. ŠAMMARI CHARACTERS

This is a list of the Šammari names mentioned in this work. Persons mentioned in the narrative text are followed by a bracketed number indicating the number of the narrative segment where the name first appears. Each name is given a serial number and a letter designating its class; e.g. A. Warriors, B. Poets, etc. This identification by letter and number is meant to help locate any of these listed names on the two genealogical charts following this list. In these charts, personal names will appear at the far right, each followed by an identifying letter and number. The names within each class are arranged according to the Arabic alphabet.
